

Deposit Protection and a full Insurance Backed Guarantee.

We know how important a purchase a garden room is and so we have teamed up with the Independent Warranty Association (IWA) to provide our customers with peace of mind with both Deposit Protection and a full Insurance Backed Guarantee.

The IWA is an independent organisation that has been providing Insurance Backed Guarantees and Deposit Protection Schemes since 1985. It has built up an outstanding reputation for trust and honesty and provides Future Rooms and its customers with policies that are user-friendly, easy to understand and with no hidden small print.
