Causeway Park, Station Road,
Upton upon Severn WR8 ORX

Welcome

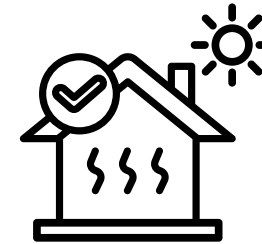

We believe that garden rooms should be well designed, affordable and accessible, so we have created a collection that offers style, durability and flexibility for use all year round.

As one of the UK's leading manufacturers of garden rooms and garden offices for the past 15 years, we have used our experience in every aspect of our design to manufacture a range of garden rooms that deliver the perfect garden room for use as a Garden Office, Garden Pod or Studio.

We have a range of sizes, from small rooms suitable for home offices through to large and bespoke garden rooms and studios, offering a cost-effective and efficient solution to adding space to your home.

Our SIPs Garden Rooms are highly insulated, strong and durable, easy to order and are efficiently installed by us.

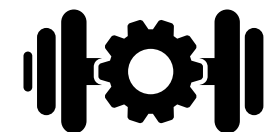

What makes our garden rooms special?

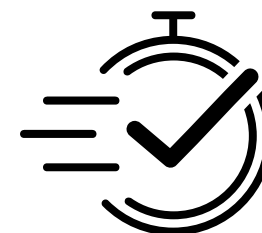

Air tight panels mean superior thermal efficiency compared to timber frame

All rooms are quality assured with a 10 Year Guarantee. Built to last a lifetime

SIPs are up to five times stronger than a structure built with a timber frame

Garden Rooms are pre-built so install time on site is significantly quicker than a timber frame build

Garden Rooms - Types and Specifications

Premier or Classic?

We created two distinct specification options for our customers, recognising that budgets vary as well as the end use of the garden room. We offer two ranges: Premier and Classic, with models that can be specified to meet your project and budget. Bespoke sizes can be offered in our Premier range only.

Our **Premier** range of Garden Rooms and Kits offers the highest level of insulation, strength and finish; 100mm insulation in walls, and floor with 122mm thick SIPs and composite roof with 80mm PIR insulation

We have shown our standard sizes in this brochure, however all Premier Garden Rooms can be offered in alternative sizes (prices may vary).

A more budget friendly option is our **Classic** range which still offers a superior garden room for year round use. Floor and Walls are 97mm thick SIPs with 75mm insulation, 80mm PIR Insulation composite roof and finished internally in Standard MDF.

Classic rooms can only be made to the listed sizes.

Cladding Options

Thermowood

British Cedar

Western Red Cedar

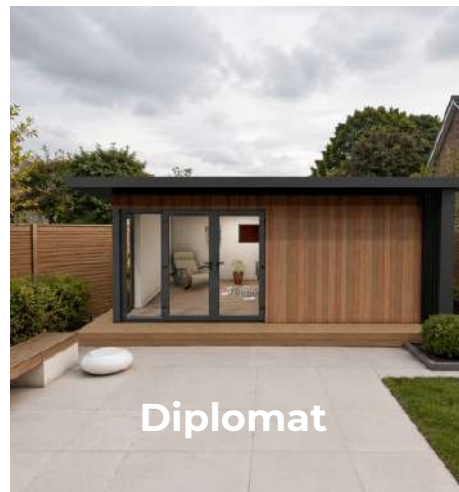

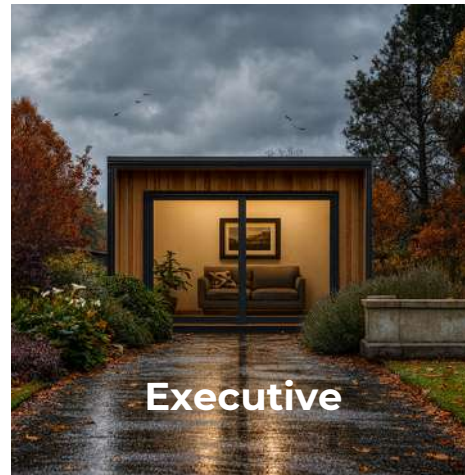

Composite

You have a choice of external cladding from either Thermowood, British Cedar, Western Red Cedar or Composite for all Premier rooms. Prices are shown for each option on our models pages and assume all four walls of the building are clad in one type. Classic rooms come with Thermowood cladding only,

You can choose whether all sides of your room are clad in the same finish; where external walls are not visible you may prefer to opt for a less expensive cladding and we can provide a price change for this on request.

Our Range of Garden Room Models

The Studio

The Studio is a light and airy room featuring large glazed panels and is our most popular garden room, being ideal for a wide range of uses. Available in **Premier** and **Classic** specification.

Specification

- SIP wall and floor panels **122mm thick with 100mm insulation (Premier)** or **97mm thick with 75mm insulation (Classic)**
- Bitumen coated underside of floor panels to prevent water egress
- Water resistant floor bearers
- Composite Roof with 80mm PIR Insulation (113mm overall) , 100mm for rooms over 4m depth
- Groundscrew foundations (price adjusted if groundscrews are not required)
- External cladding of choice British Cedar, Thermowood, Western Red Cedar or Composite (Classic in Thermowood only)
- UPVC Glazing in Anthracite Grey (white internally)
- Breather membrane
- Cavity batten
- Guttering and down pipe
- Laminate flooring & underlay
- Skirting & architrave
- Plastered internal walls painted white **(Premier)** or Standard MDF panel **(Classic)**
- Downlights
- 4 x Double Sockets
- 2 x External up down lights or downlights in soffit
- Decked Step
- Fuseboard Compliant to Part P

Extras & Upgrades

- Alternative cladding type on individual elevations
- Additional windows & doors
- Aluminium glazing

The Solo

Compact and stylish, our Premier Solo is the perfect addition to your garden to create a comfortable workspace at home.

Doors positioned across the corner cleverly maximise both light and useable space in the room in both the Standard and Corner models.

A landscape window in our Corner model makes this compact self-build garden room a light-filled space to work in without compromising on practicalities.

Key Information

How to order

For a quote or any further information call us on **01452 501455**, or email to **info@futererrooms.co.uk**.

Or, simply fill in our **Contact Form** online at **www.futererrooms.co.uk**

Payment Terms

Our payment terms for Installed Garden Rooms are as follows:

On Order Confirmation: £1,000 deposit (see terms and conditions in respect of cancellations and refunds).

On receipt of your deposit we will confirm your proposed installation date with you.

Four weeks prior to Installation Date: 45% of order value (less deposit)

During Installation: 45% of order value

4 weeks after Installation: 10% of order value

Extras & Upgrades

We offer upgrades and extras if you wish to customise your garden room. We can offer bespoke sizes in the entire Premier range.

External cladding can be changed from side to side, e.g. 2 sides Cedar and 2 sides Thermowood, and different styles of Composite cladding are available in our Premier range (additional charges may apply).

Additional windows and doors can be added to all Premier models, and glazing can be upgraded to aluminium and/or bi-fold doors if desired.

Please enquire for details.

Guarantees

All our Garden Rooms come with a Future Rooms 10 Year Guarantee.

Manufacturers' warranties and guarantees may apply on items such as glazing.

Please refer to our **Terms and Conditions** for full details.

Delivery Information

Delivery charges will apply and are dependent on location.

Any delivery charges will be confirmed with your quote and a proposed Installation date.

The Installation Date will be agreed upon confirmation of your order.

Please note:

- We will require parking to unload our vehicles. Usually, four parking spaces are adequate.
- If parking permits are required, please make these available during delivery.
